REPAIRS & MAINTENANCE

SAFETY+QUALITY=PRODUCTION • SAFETY+QUALITY=PRODUCTION

PASO ROBLES TANK, INC.

is a full-service tank contractor. Our staff and field crews have culminated hundreds of years of new tank fabrication, civil construction, coating experience, repairs and maintenance. As a midsized company, we are strategically positioned in delivering the highest quality service to every one of our customers. Through our latest state-of-the art machinery and automation, we're able to bring our advanced processes to each project while working with our clients on a personal level to exceed their goals and expectations.

EMERGENCY REPAIRS 24/7

**WE DO MUCH MORE THAN
JUST BUILD GREAT TANKS
WE ALSO SOLVE PROBLEMS**

Our professionally trained, certified inspectors and experienced workforce are qualified to perform tank inspections, repairs and maintenance that will bring your tanks into compliance and many years of safe performance. Whether it's minor repairs to major retrofits or rebuilds, we have the expertise and unmatched technology to resolve your challenges. We are committed to provide the best cost-effective solution while producing quality performance.
